

MY PRECIOUS!

IS SOFTWARE
EATING THE WORLD?

Smart Cars

Smart Homes

Smart Cities

And many
other sectors

Smart Environments fueled by Software

INDUSTRY 4.0

CYBER-PHYSICAL
SYSTEMS

INTERNET OF THE
THINGS

SOFTWARE-DEFINED X

MY PRECIOUS IN INDUSTRY 4.0!

How software in
different domains
can share a lot of
functionalities?

Can we think
in a software service
as an **aggregation** of
existing components?

Reuse for building a
software-defined world

Which is the intangible asset of the digital world?

Jose María Álvarez Rodríguez - UC3M
